kindergarten

Any five-year-old who has not yet been registered for public kindergarten should do so immediately, says Elba School officials. Thus far, over one hundred five-year-olds have been registered for the 1979-80 Kindergarten program.

In order to plan for the teachers and classrooms needed, officials must ask parents to register their five-year-old now. The Elba Ele- mentary School is open 8-12 and 1-3 daily through June 26. You should be immunization certificate and his or her blue immunization certificate when you come to register; however, if you do not have one of these, you should go ahead and register now, and bring these later.

We have a news article this week concerning farmers and their prices for peanuts. The article urges farmers not to "book" peanuts at a percentage equal to about \$380 a ton or anything below \$400. The alternate is to "place in government loan program" at a much lower figure in hopes the final price will go over \$400. Now we have read a few books on odds and sure bets, etc., which indicate the surest bet is to take the \$380 while it is being offered rather than the \$250 and hopes of higher. Yet, we quickly admit that farming itself is such a gamble that if our American farmer had read the same books on odds, probabilities and sure bets, we wouldn't have any professional American farmers. We know no person that admits knowing all there is to know about the peanut program as sponsored by the government, but suggest our farmer friends talk to everyone they know, read all they can, and try to decide by the June 14 deadline just what is the best thing to do with his or her anticipated crop of

Last month was Blood Pressure Month or something like that, according to one of the many news releases received in our post office box. It was brought to ye old editor more acutely at a family gathering Heddy influenced me to attend. A dear sister-in-law teaches in a nursing college specializing in intensive care for heart patients. Well, at this family gathering, she was taking everyone's blood pressure and giving the little lecture doctors give about the dangers of high blood pressure. After she had been to everyone else in the house, including the children, I words that mine would shoot high because of all my eating and little exercise. I couldn't help but smile 'cause historically mine

expecting any new hot news; and long ago we lost the thrill of being in a big bunch looking at big wheels. The news reports

Force at the age of 25 and indicate Fob lost his cool in one of these meetings earlier in the week. Capitol Hill watchers tell us the school teachers and state employees are getting quite mean in many of their confrontations with lawmakers, and apparently this finally got to Fob.

It is refreshing, however, to see that the state legislature has solved one big problem. They did find an additional \$15 million to spend operating the legislature this year! Of course, part of that was for the nice pay raise they voted themselves at the beginning of the year -- you know, the one everyone opposed at home but voted for in Montgomery.

Skylab is still in the news, and this time it is with predictions of when it will fall. If it does break into hundreds of pieces as May 31, 1979 at 4 p.m. with June 1, 1979 at 3 p.m. at predicted, it will surely appear that "the sky is falling, the sky is falling!"

Views From THE PRESSBOX

With Ricky Mularz, Sports Editor

The Elba Softball Classic is coming up next week and we are advantage of 11 walks to post now planning on a 20-team tourney. The tournament was expanded because of the tremendous response from local teams. Astros. The Astros led 3-2 As of Tuesday of this week, 12 teams had officially entered, after two-innings, but the ncluding Wise's, The People's Bank, The Little Beaver and the Cards plated 6 runs in the Rangers, all from Elba. A lot of teams have sent word that third inning and pulled away they're coming, and in next week's paper we'll publish a bracket for the win. Scotty Sullivant If anyone has a team and wants to enter, hurry and call me at 897-2823. It's filling up fast!

The Elba Women's Classic has been cut to a 10-team event, hits for the Astros, while K. if we can get that many! There is a huge women's tourney in Ware added 1 hit. Panama City next weekend and most of the big teams are headed for the beach. I've heard that 4 or 5 of Elba's teams are going to enter, and I hope they do, because we've got some mighty fine METS 9 trophies to give away!

By the way, the beautiful trophies are on display at Wise's score 6-runs as they edged the Store, on the square. Stop by and look at 'em!

I'm the director of the softball tournaments and I've given homer by Dwayne Fleming, his them quite a bit of publicity, but the fact is the tournaments are second grand-slam of only a part of the first annual "Elba Sports Week". The week's season, but the Mets walked to events will start Sunday with a "Fun Fly-In" at the airport, and the win. Art Brunson had 2 will also include a bass tournament and an archery tourney. Plan hits to pace the Mets, while on coming out and enjoying Elba's Sports Week, we're having it Tim Dyess, Wayne Jackson

I've noticed a lot of cheering going on at Dixie Youth games this year, and most of the cheering is coming from Bob Brueckner. Bob has a son that plays on the Cardinals, and he really encourages the team by cheering for the boys on every pitch. Keep it up, Bob, maybe your enthusiasm will be

or more) installation of a water softener is recommended. If this is not possible, hand history?

Why don't you talk to the young drivers in your home about safety? Incidentally, these accidents don't happen way off from home. Most of them occur in the community.

PIG FACTS

Dr. Gene Futrell of Iowa State University told me that on the polar of the polar polar of the polar polar of the polar of these three materials should be applied after the pea power the county at rates suitable to provide moisture but not rapid enough to damage cropland. However, arrived amage on fields where "up and down the hill" farming has weakened and in some places eliminated the terrace. The adjoining picture shows breaks State University told me that over the county at rates contour are two of the most important management practices a farmer can follow. Dolan Averett, Clintonville damage on fields where "up and down the hill" farming has weakened and in some places eliminated the terrace. The adjoining picture shows breaks the tire track crossed the suitable to provide moisture important management practices a farmer can follow. Dolan Averett, Clintonville community has changed row patterns on most of his fields and the results has been fewer breaks and better water control. Robert English, Damascus Community has dishwasher to run through the lower rack. Allow dishwasher to run through the adjoining picture shows breaks and his land shows very little use this vinegar more than towel glasses and silverware occasionally to help control filming conditions or give damage on fields where "up and down the hill" farming has weakened and in some places eliminated the terrace. The adjoining picture shows breaks and better water control. Robert English, Damascus Community has done of the most important management practices a farmer can follow. Dolan Averett, Clintonville damage or fields where "up and down the hill" farming has done of the drying period. Then place the drying period. Then place of the drying period. Then place over the county at rates contour are two of the most towel glasses and silverware the tire track crossed the terrace, and this condition existed over the entire field.

Most farmers in the county

Most farmers in the county worth over \$50 million. That is about 15 times as many hogs as we grow in Coffee County. Specialist, has said on some hill farming causes excessive checking fields for other readers.

Most farmers in the county have learned that up and down hill farming causes excessive checking fields for other readers. And we are the third largest occasions, "If a tomato plant is damage, ususally results in lost sons such as weeds and PROTEIN SUPPLEMENTS

this deady to see what we do here in this county and in this area is actually going to have practically no influence on the markets in the years ahead.

It is easy to see what we to be crossed or completely avoided. This year washes have to be crossed or completely avoided. This year more fields have been planted on the contour in Coffee are from crossing terraces or going up and down the hill. Make your decision now to follow the contour better next years. Farmers all over the county realize that following in this area is actually going to to washes have to be crossed or completely avoided. This year more fields have been planted on the contour in Coffee are from crossing terraces or going up and down the hill. Make your decision now to follow the contour better next years, so this erosion will not the case, especially when it in the past five years. Farmers all over the county realize that following generally with terraces causes much less damage than eat up your valuable cropland.

Most Americans today eat in this area is actually going to them? You will be pleased have practically no influence on with the better results.

Generally with terraces causes much less damage than crossing these terraces.

How the practical point of them? You will be pleased than crossing these terraces.

Most Americans today eat at least twice as much protein as is needed for health.

and Kim Dyess.

and Elbert Maddox.

HOME CANNING One of the many benefits of home preservation -- particularly if you're canning foods from absolutely fresh produce picked the ideal time. And, further, you can "put it up" without using preservatives, coloring of used only for flavoring, not eliminated if you want to. Also, when canning fruits, pack. Sugar can be omitted entirely by packing the fruit in

# Bass Club Holds Monthly Tourney

The monthly tournament of the Po Boy Bass Club was held on May 26 and 27 at West point Lake near Lanette, Al. This proved to be a very exciting and enjoyable tournament. West Point Lake is one eastern United States. They also found the people there to be hospitable and helpful. This the Po Boy Bass Club. On the first day of fishing which ended at 8:00 Saturday night Bo Sauls was in the lead with Mike Farris second and Jerry

Johnson third. After the weigh-in everyone set up camp and enjoyed a supper of fried fish, hush pup-pies, and french fries. Then everyone decided to settle in for their nap because the blast off for the second day of fishing was at 4:30 Sunday

Bo Sauls, Jerry Johnson, Mike Farris

morning.

# Bethany Residents Object To New County Landfill Site Reeves Gets

The delegation was present residents' garbage will be dumping."

Baker's equipment was found in the boat like this.

a health hazard. "Our road needs work meeting was to be held on mile of road would cost now," stated Jeff Smith, wednesday, June 13, at the \$12,700. The City of 'and if the landfill is put here Farm Center to explain the the road won't be able to program to local city and the expense, and by a vote of Reeves was convicted Monday handle the extra traffic. The route is already heavily travelled by the residents in our community and it doesn't county officials.

Shiloh Community, was back to our community and it doesn't address the Commission, and Comm. Gilmer Grant.

4-2 the Commission approved paving the road. Voting no shooting death of Sammie D. Were Comm. Rex Boutwell and address the Commission, and Comm. Gilmer Grant. need garbage trucks constantly again asked for help with the

roads in his small community.

Judge James L. Sawyer
told the delegation that although there would be extra traffic it would not cause a pollution problem, and Comm. Foad was surveyed some time Rex Boutwell stated the landfill would not cause a devaluation done."

In other action at Monday's meeting, the Commission:

\*\*\*instructed Comm. Boutwell to get prices for repairing the roof at the annex in Elba; roof at the annex i of adjoining property.

The Commission stated that

\*\*\*\*agreed to stop sending

The Commission told the no funds are available for new residents to the Soil and delegation if an alternate site could be located and if it was acceptable they would attempt to buy it. The Commission agreed to postpone taking agreed to a located and the paving, but instructed Eng. Conservation Department for pipe, because it placed the private businesses; agreed to postpone taking located and if it was addentified and provide some temporary agency in competition with private businesses; agreed to postpone taking located and if it was addentified in the state pen. His lawyer, Tom Haige of Enterprise, said Tuesday he didn't expect at this time they would be filing an appeal. agreed to postpone taking action on choosing a new landfill site until a later date. Tax Collector Maxwell A. Reward Is

Reeves met with the Commission and stated, "I have group over the years. I'd like to admit that the reappraisal program was a headache."

Getting back to business, Reeves reported there were Information \$145,814 in errors in last year's tax records. The errors include both overcharges and under-charges. Reeves added there were \$61,610.83 in uncollected taxes that were in litigation, and after hearing a detailed report, the Commission

"Would you want your house adjoining a dump?" proposed site for the new the Coffee County Commission at Monday's meeting by a delegation from the Bethany Community.

The delegation was present of the voice opposition to the house adjoining a dump?" proposed site for the new sanitary landfill.

The delegation was present of the voice opposition to the house adjoining a dump?" proposed site for the new sanitary landfill.

We have a nice community and understand the county of the commission to the community, stated Ed Carroll.

We have no local police protection to handle traffic and enforce the rules for the new sanitary landfill.

We have a nice community and would hate to see it destroyed.

We have no local police protection to handle traffic and enforce the rules for the new sanitary landfill.

We have a nice community, stated Ed Carroll.

We have no local police protection to handle traffic and enforce the rules for the new sanitary landfill.

We have no local police protection to handle traffic and enforce the rules for and residents, we can get a "I think the Commission to the commission to reconsider."

We have no local police protection to handle traffic and enforce the rules for and residents, we can get a "Stray dogs and cats will sake the Commission to reconsider."

We have no local police protection to handle traffic and enforce the rules for safety hazard to the children and residents, we can get a "Stray dogs and cats will sake the Commission to with 200-300 names on it if that's what you want. I ask the Commission to reconsider."

We have a nice community, stated Ed Carroll.

We have no local police protection to handle traffic and enforce the rules for and residents, we can get a "Stray dogs and cats will sake the Commission to reconsider."

The delegation from the Bethany and the county stated double and our property will devaluate.

We have a nice community and in the thick swhat you want. I ask the Commission that the county or it is that's what you want. I ask the Commission to reconsider."

T the extra traffic will cause a safety hazard to the children and residents. We can get a saked Emory McDurmont.

Stray dogs and cats will gather at the dump and create should be a safety hazard.

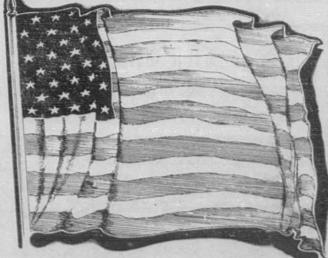

Sawyer told the Commission he had received a letter always been kept up by the lin Shooting concerning Flood Insurance. A county. To resurface the one

posted a \$10,000 reward for information leading to death of Christopher Columbus

department has some clues but any help from citizens who saw anything in the area would be

Donald R. (Knothole) in a house rented by Reeves. The shooting took place on

for some time.
